Madagascar Mania

This funny show is inspired by the second Madagascar movie. It follows the adventures of four adventurous friends from the New York Zoo who try to find their way home from Madagascar and end up helping the animals of the African savannah solve the mystery of why their watering hole has dried up. Full of humor and unforgettable moments of friendship and silliness, this play is a real favorite with kids. Children will be loaned costumes for the final Zoom performance and provided with digital backgrounds to bring their adventures into the African savannah and jungle to life.

For Older Students!

Space Princess Wars

Imagine a SUPER FUNNY blend of Star Wars, The Princess Bride, and Cats!, the musical, and you've got a rough idea of the scope of this hilarious new play by one of our favorite playwrights for the upper grades, Don Zolidis. If your child loves comedy with adventure, sarcasm, and multiple satirical nods to the classics above, they are going to have a blast with this space adventure. Students will be loaned costumes for the final performance and provided with digital art for their Zoom backgrounds to bring this exciting show to life.
