Fisher Lamborn

"Music is extremely important to me because it is something I can always look forward to and enjoy spending time on. It has dramatically changed the course of my life in an amazing way, and I will always be thankful for that and do my best to ensure that others get the same opportunities that I have."

Youth Arts Leaders: The newest AEA advocacy group!

The AEA has established **Youth Arts Leaders** to support and lift students into positions of advocacy and influence using their stories, their voices.

The AEA proudly presents Youth Arts Leader - FISHER LAMBORN!

Have Youth Arts Leaders speak to your community/school organization about why the arts matter in students' lives!

First Steps in Preparing!

Proposition 28 passed through the Legislative Session to be recognized as CA Education Code 8820. This funding, as well as funding from [Arts Music Instructional Block Grant](#), creates new opportunities to address gaps and quality of arts education. First steps for school communities to prepare:

- Inventory your arts ed program - who is teaching, where, when, how is it funded, are programs aligned to standards, how many students served, what opportunities exist for family and community engagement?

- Expand your programs by sharing resources with other schools or districts.
- Create a Strategic Arts Ed Plan to build capacity over time.

Teaching Artists Open Call

Sonoma County Arts Organizations are seeking teaching artists of all artistic disciplines!

**Saturday,
March 25, 2023
9:30am–12:00 pm**

Luther Burbank Center for the Arts Education Studio

Come prepared with a 5-minute warm-up, exercise, classroom demo, or management trick to show off your knowledge and skills with your fellow TAs and local organizations. Attendees will learn more about hiring opportunities for teaching artists, including the programs each organization offers and the process for getting hired.

Advanced registration is required.
