

Prop 28 Information

- Arts education is required in CA Education Code for grades 1-12 in four areas: music, visual art, dance, and theater. *Section 51220/Section 51210*
- Almost 7 million California votes approved Prop 28.
- Ongoing, yearly funding beginning 2023-24 for supplemental arts programming, not to replace current expenditures.
- PK-12 public and publicly funded charter schools will receive approximately \$112/student with an additional \$85 per economically disadvantaged student. Find estimate at www.sscal.com/proposition-28-estimates
- Each annual allocation is available to use for up to 3 years.
- For schools over 500 students, 80% of funding must be spent on certificated or classified employees to provide arts.
- 20% of funding is for training, supplies, materials, and partnership programs
- Up to 1% can be used for administrative costs
- Each receiving local education agency must submit an annual board-approved report detailing how funds were spent and met requirements.
- Schools can pool funds to share teachers. School districts can facilitate inter-school programs.
- This funding is meant to address gaps in arts education.
